NASR-EDDINE **BEHILIL**

nasr.behilil@mail.utoronto.ca | 647-761-0651

Education

University of Toronto	Sept 2016 - Aug 2020

Honours Bachelor of Science
Chemistry, Biology **Double Major**

Skills

Languages/Markups: Python, JavaScript ES6+, HTML, CSS, R

Frameworks/Libraries: React.JS, Node.JS, Express.JS, MongoDB, jQuery, Bootstrap, Mongoose, EJS

Tools: Git, Bash, AWS, MongoDB Atlas, JSON, REST APIs, Windows, HTTP methods

Projects

Daily Journal

Technologies: *JS ES6+, HTML5, CSS3, Bootstrap, Node.JS, Express.JS, EJS, MongoDB, Mongoose*

• Built a cloud hosted web application that allows users to compose entries on their private journal
• Utilized OAuth2.0 and Passport.JS to allow for authentication using social media services such as Google and Facebook
• Node.JS used to create REST API endpoints, using GET/POST requests to perform CRUD operations
• Database stored on MongoDB Atlas, hosted on AWS cloud services
• Frontend built using HTML, CSS, Bootstrap, and templated with EJS

ExerTracker

Technologies: *JS ES6+, HTML5, CSS3, Bootstrap, Node.JS, Axios, Express.JS, React.JS, MongoDB, Mongoose*

• Used the MERN stack to create an exercise tracker
• Implemented REST API endpoints for routing with Node.JS, Axios for handling CRUD operations instead of native Node.JS
• Used React.JS to create components for each page

Professional Experience

Walmart

Over the Counter Associate – Pharmacy	July 2019 – Aug 2019

• Responsible for accurately retrieving and handling prescription medications to patients
• Stocked shelves and answered questions regarding over the counter medications
